Minutes:

The minutes of the meeting on 7th November 2022 were confirmed and signed by Cllr M Cherry as a true record of that meeting

4 To adjourn the meeting for members of the public to address the Committee (if any) in accordance with Standing Order 1 d

Minutes:

Cllr M Cherry suspended standing orders so that the members of the public could address the committee. Seven members of the public raised concerns regarding agenda item 5.h, 22/1897/FUL - Land Adjacent to Bridgefoot Cottages and two members of the public raised concerns regarding agenda item 5.a, 22/1764/HSE - 26 Oakridge Avenue. Members asked questions for clarification, before the members of public were thanked for their attendance and standing orders were then resumed. Cllr M Cherry suggested that application 22/1897/FUL

was considered first and 22/1764/HSE was to be next on the agenda.

5 Planning Applications

5.a 22/1764/HSE - 26 Oakridge Avenue Radlett – Proposal: Retention of landscaping alterations to rear garden to include reduced land levels to left hand side boundary, addition of grass area, hedging and flower beds (Part retrospective application revised from 22/0919/HSE).

Minutes:

Object

- a) The retrospective application was previously objected to and our objection still stands, as not much has changed
- b) It is in breach of SADM30 on the grounds of high quality design
- c) There is insufficient information in the proposal and the application contradicts itself in the planning portal, as to whether or not there is a path. The drawings also cannot be opened in the portal
- d) It is clear that engineering works have taken place, so we should be able to see a drainage report
- d) The works have been done without planning permission and there looks to be high levels construction which have taken place

5.b 22/1847/HSE - 2 Back Lane Letchmore Heath – Proposal: Single storey rear extension following demolition of conservatory.

Minutes:

No Objection

5.c 22/1854/HSE - 31 Homefield Road Radlett – Proposal: Installation of 8 solar panel modules to existing flat roof.

Minutes:

Object

- a) This is a revised application which has already been objected too and our objection remains the same
- b) The rear dormer does not comply with Design Guide E - EKP - 4 'Dormer windows should be as small as possible and should not take no more than 60% of the roof slope
- c) The hip to gable roof conversion is not in keeping with the street scene and is also in breach of Design Guide E - EKP - 3 'the conversion of a sloped hip-end roof into a flat gable-end roof will normally be refused'
- d) The extension would be visible from Scrubbitts Park Road and The Crosspath which may lead to overlooking into the neighbouring garden

5.f 22/1887/HSE - 57 Goodyers Avenue Radlett – Proposal: Single storey front extension to existing bay window.

Minutes:

No Objection

5.g 22/1884/HSE - 9 The Grove Radlett – Proposal: Installation of new vehicular sliding gate at front boundary.

Minutes:

Object

- a) This is not a feature of the street scene and as the property is in a Conservation Area they sliding gates would not be appropriate
- b) The proposal is in breach of the Radlett Neighbourhood Plan, Design Code - 3.46 - c, 'Ensuring that gates and entrances requiring planning permission respect local character and do not dominate their surroundings'

5.h 22/1897/FUL - Land Adjacent To Bridgefoot Cottages Watling Street Radlett – Proposal: Change of use of land to residential caravan site, to include stationing of 1 x mobile home, 1 x touring caravan and utility/dayroom

with associated hardstanding, parking, access and related plant and infrastructure.

Minutes:

Object

a) The proposal would be contrary to Green Belt legislation and has not been shown to have Very Special Circumstances which is in breach of SADM26

b) The site has been decimated and greenery/vegetation has been cleared prior to any planning approval

c) The site is unsustainable and is some distance from local facilities, shops, buses, train stations which would appear to be inappropriate

d) The proposal is in breach of various policies in the Radlett Neighbourhood Plan;

(i) HD3 'Respecting and enhancing the local townscape and landscape character and patterns - Development proposals are required to reflect and respond positively to local townscape and landscape character. Development within the settlement of Radlett should have regard to the Radlett Character Assessment and the Radlett Design Code. All development must respect local character and residential amenity'

(ii) HD4 'Development of Garden Land - All development must respect Radlett's distinctive green and verdant qualities. The loss of garden land to development that fails to respect the character and prevailing development pattern of the surrounding area'

(iii) HD5 'Healthy high quality trees and hedges - Development proposals should retain healthy high quality trees, woodland and hedges in the Neighbourhood Area'

e) We believe this application should therefore be called into Full Planning Committee, due to the number of objections and the impact on the surrounding area.
